student took charge of answering one specific question, and, using creativity and diligence, transformed these answers into unique trigrams. What truly sets this collaborative project apart is the way these four trigrams were ingeniously connected, forming a pyramid that symbolizes both

the collective spirit of the students and the timeless allure of history itself. This pyramid embodies the essence of both learning and unity, reflecting the passion, dedication, and profound understanding that our students have cultivated.

# Winter Uniform - November 6

As we transition into the winter season, we want to ensure that your child stays comfortable and warm while at school. Beginning on Monday, November 6, 2023, we will be implementing our winter uniform policy.

The winter uniform will consist of a white turtle neck adorned with our school logo, paired with a V-neck long-sleeve sweater. The gym/dance/yoga uniform remains unchanged.

**To facilitate a seamless transition, we are providing an opportunity for parents to purchase any necessary winter uniform items from Monday, October 30 to Wednesday, November 1st.** This way, your child will be well-prepared and ready for the winter months ahead.

Additionally, we highly recommend that you take a moment to label your child's uniform with their initials and grade number. This simple step can prove invaluable in case an item is misplaced, ensuring a swift return to its rightful owner.

We appreciate your cooperation in maintaining the uniform standards of our school. Your support in this matter is crucial in creating a cohesive and focused learning environment.

**Come dressed in your favourite costume on October 31.**

Remember to inform the teacher and office when your child is not going to attend school.
